

Helping Hands of Glenview

Dear Members:

We are happy to share that Helping Hands of Glenview will continue its mission to provide senior residents of Glenview with transportation to medical, dental, therapy and other important appointments in 2026 and beyond. Long-time volunteers have taken leadership roles, and several committed members of the community have joined the Board to replace retiring members. This Board is infusing new energy and ideas into the organization.

Helping Hands of Glenview has more than 120 clients who regularly call on us to help them attend important medical, dental, and therapy appointments without relying on the schedules of family members, neighbors and friends. In 2025, our more than 50 driver volunteers provided nearly 500 round-trip rides. We are often told how much this service helps them and eases their minds. Without a car, these seniors may be trapped in their homes without contact with others. Along with appreciating the ride, our clients love to be able to talk to another person even for the few minutes it takes to get them to their appointment.

Please join us at our annual meeting on **Monday May 18, 2026**, at 7 PM, at the Glenview Park Center, to discuss the future of **Helping Hands of Glenview** and potential opportunities for involvement. Support through membership and donations is appreciated

Thanks to our generous donors, caring members and dedicated volunteers, our organization has been going strong for 38 years. We urge you to take action by donating today! Please help us by scanning the QR code below or completing the attached form and returning your donation at your earliest convenience.

Thank you,

Helping Hands of Glenview Board of Directors
